FLOOR

Floor Tiles

Upgrade your floors with sleek, durable 600x1200mm tiles. Their large format ensures a seamless, modern look with fewer joints, perfect for high-traffic areas.

Wall Tiles

Create striking walls with 600x1200mm tiles. Their expansive design adds elegance and reduces grout lines, offering a clean, contemporary finish.

WALL

BUILDING AFRICA

With the enhancement of the development of ceramic industry chain of Uganda and develop Uganda from a ceramic importing country to a ceramic exporting country. Therefore Modern is rewarded the high appraisal of the local government. It has been making great contributions to the local mining, transportation, logistics as well as related fields.

Introducing Our
600x1200 Tile Collection:

Elevate your space with the perfect fusion of style and functionality. Our 600x1200 tiles offer sleek, contemporary designs that fit seamlessly into any modern interior. Crafted with precision, these large-format tiles create a seamless look with fewer joints, adding to the clean, elegant finish your home deserves.

Finish **Glossy** (PGVT)

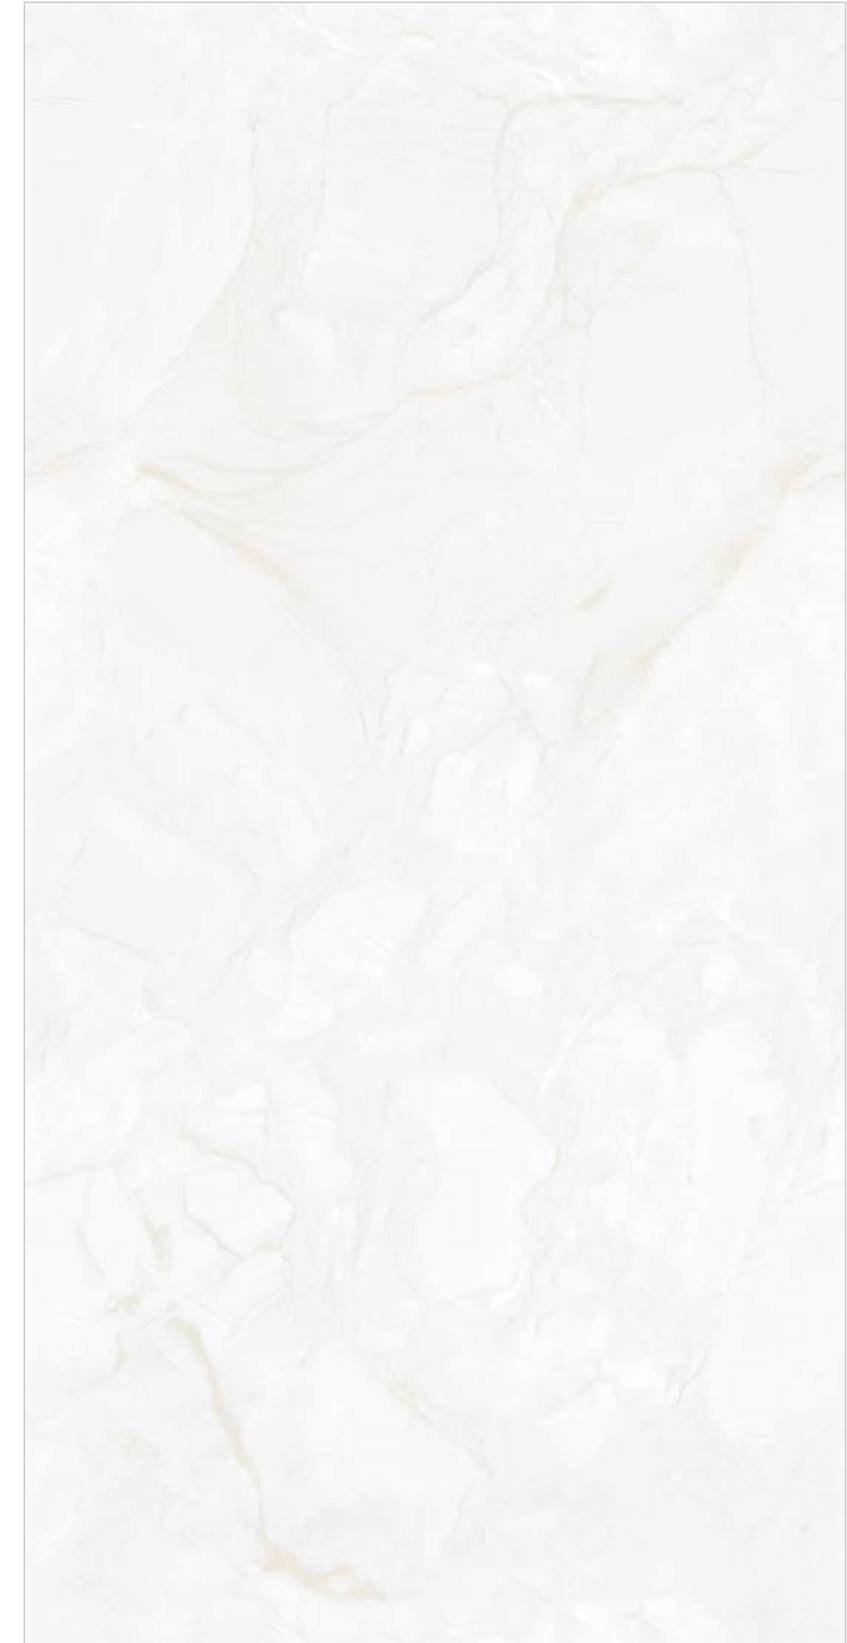

Enhance your space with the luxurious sheen of 600x1200mm glossy finish tiles. Their reflective surface brightens any room, creating a sense of openness and elegance. Perfect for modern interiors, these tiles add a polished, high-end look while being easy to clean and maintain.
